

James Clifford – Bridal Size Chart

Bridal gowns are available in sizes 2-28. Larger sizes 18-28W and custom sizes are available for an additional fee. All size charts are body measurements.

The hollow-hem measurement is the number of inches from the hollow in the neck (front of the body) to the hem of the dress. These gowns may be custom designed, please check with your local retailer for availability and cost. Body measurements do not change.
