

## Martina Liana – Bridal Size Chart

Bridal gowns are available in sizes 2-28. Larger sizes 22-28 and custom sizes are available for an additional fee. All size charts are body measurements.

The hollow-hem measurement is the number of inches from the hollow in the neck (front of the body) to the hem of the dress. All gowns are available in a lace up or zipper back option. These gowns may be custom designed, please check with your local retailer for availability and cost. Body measurements do not change.
