AFTER THE WEDDING

- Drop wedding gown off at Charlotte's Weddings for gown preservation
- Send photos of your wedding to become a Charlotte's featured bride

WEDDING PARTY

Once the wedding gown has been chosen it's time to start coordinating your wedding party. Let us help you create that perfect bridal party look.

BRIDESMAIDS

Start with booking a bridesmaid styling appointment with your stylist.

We don't require appointments for bridesmaids, however, we have stylists that can help you and your party find the perfect attire and get everyone measured and assist with sizing.

We suggest ordering 4-5 months in advance of the wedding.

If your time frame is less than 4 months, we offer a rush on most bridesmaid dresses (speak to a stylist for details).

A signed contract and payment in full is required on each gown before ordering.

Please have professional measurements taken and try on sample sizes from your gown designer. Review the size chart and let a professional assist in sizing.

We can ship bridesmaid dresses to your out-of-town bridesmaids for an additional fee.

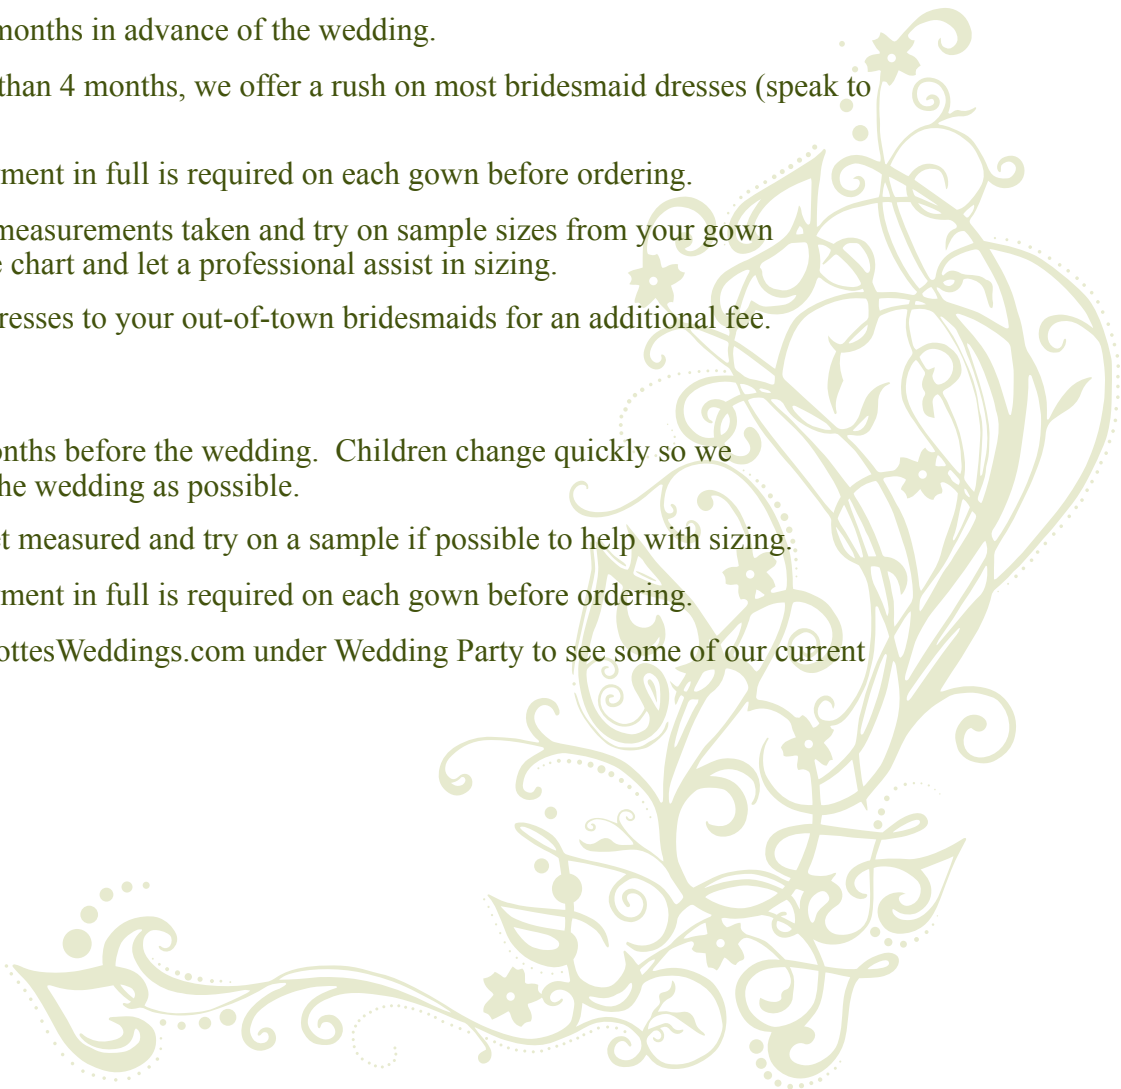

FLOWER GIRLS

We suggest ordering 3 months before the wedding. Children change quickly so we want to order as close to the wedding as possible.

Please bring them in to get measured and try on a sample if possible to help with sizing.

A signed contract and payment in full is required on each gown before ordering.

Visit our website at CharlottesWeddings.com under Wedding Party to see some of our current flower girl styles.

FITTED STITCHES

SEAMSTRESS: KATHY

P: 503-440-6475

Located in Astoria, OR

ALTERATION TIPS

- On average, standard wedding gown alterations cost approximately \$300-\$600. Customizations can cost more than the average. Cost will be dependent on the seamstress you are working with and the work needed to be done on your wedding gown.
- The ideal time frame for wedding alterations is approximately 2-3 months. It is recommended to start researching seamstresses and booking your fittings as soon as you have an estimated arrival time for your gown (provided by your stylist approximately 1-2 weeks after order date). ***Please schedule ASAP if you will have less than 2 months for alterations.***
- It is extremely important that you feel confident and comfortable with the seamstress you choose. Just as you trusted your stylist to help you find your perfect wedding gown, you must trust that your seamstress will help you achieve the perfect fit. When choosing who to work with, ask for the referrals from wedding professionals and your friends/family, read reviews, and discuss your desires and expectations with the seamstress before booking.
- Charlotte's is not responsible for any alteration conflicts/issues. If, for some reason, you are unhappy with your alterations please discuss this with your seamstress.

ADDITIONAL SERVICES

We know how stressful and time consuming it can be planning a wedding so we have additional services that we offer our customers so they can get everything done in one place.

STEAM & PRESS

It's important to get your gown steamed and pressed before your wedding day. We conduct this service in house using a professional iron. We iron everything from the inside out so it's perfect for your wedding day. We place it on a bust form to help keep its shape and we do not place it in your garment bag until you have arrived to pick it up. We will show you how to place it in the bag, how to transport it, and what to do when you get to your destination.

Drop off of gown(s) must be done one week prior to your pick up date and pressing must be paid in full at the time of drop off.

Prices are as follows but please bring your gown in or call for a more accurate price quote. Price is determined by style of gown, fabric, difficulty, and time.

Wedding Gown Purchased at Charlotte's	\$150 - \$300
Wedding Gown NOT Purchased at Charlotte's	\$200 - \$400
MOB, BM and FG	\$40 per dress
Veil	\$15 - \$30

PRESERVATION

In order for your gown to keep it's shape, color, and the fabric looking new we suggest you get your gown preserved after your wedding. You don't need an appointment; just drop your gown off during our normal business hours. We recommend dropping your gown off no later than 6 months after your wedding to get preserved. We have used the Wedding Gown Preservation Company for over 25 years. Once they have received your gown they will ship your dress to you within 8-12 weeks.

For more details on the process - GownPreservation.com

Cost for preservation:

Charlotte's Bride (<i>special pricing before wedding</i>)	\$275
Charlotte's Bride (<i>pricing if paid after wedding</i>)	\$375
Wedding Gown Not Purchased at Charlotte's	\$425

Preservations include the gown, an additional seal kit and five additional items (*i.e. veil, jacket shawl, garter, etc.*)

Additional items after the three can be preserved for \$30 per item

SHIPPING

We do offer shipping for any item purchased at our store. We can help you ship your wedding gown or bridesmaid dresses anywhere in the U.S. Shipping costs change on a daily basis so you will need to call for a quote when you are ready to ship. **NO International Shipping.**
