# WEDDING PARTY

**O**nce the wedding gown has been chosen it's time to start coordinating your wedding party. Let us help you create that perfect bridal party look.

## **BRIDESMAIDS**

We REQUIRE appointments to try on bridesmaid gowns. Reach out to your stylist to book an appointment for your entire bridal party.

We suggest ordering 4-5 months in advance of the wedding.

If your time frame is less than 4 months, we offer a rush on most bridesmaid dresses (speak to a stylist for details).

A signed contract and payment in full is required on each gown before ordering.

Please have professional measurements taken and try on sample sizes from your gown designer. Review the size chart and let a professional assist in sizing.

There is an additional shipping/insurance fee included in each gown ordered.

We can ship bridesmaid dresses to your out-of-town bridesmaids for an additional fee.

## **FLOWER GIRLS**

We suggest ordering 3-4 months before the wedding. Children change quickly so we want to order as close to the wedding as possible.

Please bring them in to get measured and try on a sample if possible to help with sizing. Call to schedule an appointment.

A signed contract and payment in full is required on each gown before ordering.

Visit our website at [CharlottesWeddings.com](http://CharlottesWeddings.com) under Wedding Party to see some of our current flower girl styles.

## ALTERATION TIPS

- On average, standard wedding gown alterations cost approximately \$400-\$800. Customizations can cost more than the average. Cost will be dependent on the seamstress you are working with and the work needed to be done on your wedding gown.
- The ideal time frame for wedding alterations is approximately 2-3 months. It is recommended to start researching seamstresses and booking your fittings as soon as you have an estimated arrival time for your gown (provided by your stylist approximately 1-2 weeks after order date). ***Please schedule ASAP if you will have less than 2 months for alterations.***
- It is extremely important that you feel confident and comfortable with the seamstress you choose. Just as you trusted your stylist to help you find your perfect wedding gown, you must trust that your seamstress will help you achieve the perfect fit. When choosing who to work with, ask for the referrals from wedding professionals and your friends/family, read reviews, and discuss your desires and expectations with the seamstress before booking.
- Charlotte's is not responsible for any alteration conflicts/issues. If, for some reason, you are unhappy with your alterations please discuss this with your seamstress.

# ADDITIONAL SERVICES

**W**e know how stressful and time consuming it can be planning a wedding so we have additional services that we offer our customers so they can get everything done in one place.

## STEAM & PRESS

It's important to get your gown steamed and pressed before your wedding day. We conduct this service in house using a professional iron. We iron everything from the inside out so it's perfect for your wedding day. We place it on a bust form to help keep its shape and we do not place it in your garment bag until you have arrived to pick it up. We will show you how to place it in the bag, how to transport it, and what to do when you get to your destination.

*Drop off of gown(s) must be done NO LATER than one week prior to your pick up date and pressing must be paid in full at the time of drop off.*

Prices are as follows but please bring your gown in or call for a more accurate price quote. Price is determined by style of gown, fabric, difficulty, and time.

Wedding Gown Purchased at Charlotte's	<b>\$150 - \$300</b>
Wedding Gown NOT Purchased at Charlotte's	<b>\$200 - \$400</b>
Bridesmaid and FG	<b>\$40 per dress</b>
Veil	<b>\$15 - \$30</b>

## PRESERVATION

In order for your gown to keep it's shape, color, and the fabric looking new, we suggest you get your gown preserved after your wedding. Schedule an appointment to drop off your gown during business hours. We recommend dropping your gown off NO LATER than 6 months after your wedding to get preserved. We send your gown to the Wedding Gown Preservation Company. Once they have received your gown they will ship your dress to you within 8-12 weeks.

### Cost for preservation:

Charlotte's Bride ( <i>pricing if paid after wedding</i> )	<b>\$375</b>
Wedding Gown Not Purchased at Charlotte's	<b>\$425</b>

Additional items after besides your gown can be added for an additional fee.
